EDUCATION

- National Institute of Technology, Warangal** 2023 – 2027 (Expected)
B.Tech in Mathematics and Computing CGPA: 7.30 (Till 4th Semester)
- Sri Chaitanya Junior College, Gudavalli** 2021 – 2023
Intermediate (MPC), Board of Intermediate Education, Andhra Pradesh Percentage: 94
- KKR Gowtham School, Gudivada** 2020
Secondary School Certificate, Board of Secondary Education, Andhra Pradesh GPA:10

PERSONAL PROJECTS

- Fake News Classification | Python, NLTK, NLP, ML, scikit-learn, TF-IDF, Google Colab** 2024
Developed a binary text classification model to detect fake news articles using real-world datasets (Fake.csv, True.csv). Preprocessed text data with tokenization and stemming using NLTK, followed by TF-IDF vectorization for feature extraction.
 - Trained a Logistic Regression model achieving 98.85% accuracy with balanced precision and recall (99%) on both fake and genuine news classes.
 - Evaluation metrics: precision, recall, and F1-score approximately 0.99 for both classes.
 - Confusion matrix indicated 4563 true negatives, 4314 true positives, and minimal misclassifications.
 - Applied data structures, algorithms, and NLP techniques, demonstrating strong analytical and problem-solving skills.
- Personal Portfolio Website | React, Tailwind CSS, Vite, GitHub Pages, HTML, CSS** 2025
Built and deployed a fully responsive personal portfolio showcasing machine learning projects, frontend development work, and skills. Designed with a green-themed professional aesthetic and smooth section navigation.
 - Integrated smooth-scroll navigation using a creative right-side vertical icon menu, improving UX and mobile friendliness.
 - Applied Tailwind CSS dark/light theming, responsive design, and hover animations to enhance interactivity and accessibility.
 - Focused on showcasing skills in machine learning (NLP) and frontend technologies like React and Vite.
 - Live Link: <https://kusumawork.github.io/portfolio>

TECHNICAL SKILLS

Languages: C++(proficient), Java, Python (for ML), HTML5, CSS3

Developer Tools: Google Colab, VS Code, Jupyter Notebook

Frameworks: NLTK, scikit-learn

Cloud/Databases: CSV files, Basic database concepts

Soft Skills: Analytical Thinking, Problem Solving, Communication, Adaptability

Coursework: Data Structures, Algorithms, Machine Learning, Natural Language Processing

LEADERSHIP EXPERIENCE

- Team Lead, Sewage Cleaner Prototype** Aug 2023 – Apr 2024
- Led a team of 5 to design a functional prototype, ensuring timely delivery aligned with client expectations.
 - Maintained close communication with the client to adapt requirements into effective engineering solutions.
 - Fostered collaboration and provided technical guidance, resulting in high team performance and client satisfaction.

CERTIFICATIONS

Supervised Machine Learning: Regression and Classification

– Stanford University (Coursera)

Apr 2024
